To Whom It May Concern,

In the spring of 2014, I was contacted by an organization called Rebuild America. They told me they would be working in Detroit over the summer, and they wanted to know if they could work through Gleaner's to distribute food to the local community. Through several conversations, we worked out logistics of how this goal could best be accomplished. Part of our agreement was that Rebuild America volunteers would come to the local Gleaners distribution center to assist in packing the food.

Throughout July of 2014, over 200 Rebuild America volunteers spent approximately 700 hours sorting and packing food in our facility. Rebuild America purchased the food from us, loaded it in their trucks, stored it in an approved environment, and then distributed it free-of-charge to hundreds of local families. Throughout this effort, nearly 44,000 pounds of food was distributed in Detroit.

I enthusiastically recommend the Rebuild America team to you or your organization to support. They operate with integrity, and did everything they promised they would do. I would be happy to work with Rebuild America again.

Sincerely,

Dave Duey
Mobile Pantry Coordinator
Gleaners Community Food Bank
